## TRANSPORTATION ADVISORY TO COMPETITORS

Please be advised that the transportation system in the state of New York does not allow for commercially plated vehicles or trailers to travel on parkways.

Many of the quickest GPS-led routes to Oakcliff Sailing from the I-95 may try to take you on a parkway which could leave you with a traffic violation and hefty fine for an honest mistake.

There are a number of quality, free trucker navigation apps that allow you to choose settings that will disable routes on disallowed roadways while trailering. We strongly recommend route planning ahead of time.

Avoid New York state parkways at all times while trailering.

Regards,

Elizabeth Shaw
