

“We had to make split second decisions and work as a team. The more we worked as a team the easier it was but this wasn’t a cruise around the Bay. I feel like an athlete!”

Through Sailing*

Corporate Programs

"We were out of our comfort zone, got to know our colleagues very quickly, all in a fun learning environment."

Oakcliff Forms Your Team Through Sail

Sailing is a rather rarified sport. The beauty of this neutralizing platform is that your teams will start the day with the decks cleared, everyone equally tentative, ready to discover new strengths, to overcome weaknesses and to build towards a strong and vibrant future.

No other sport offers such an ideal platform for corporate and group training and team building.

Oakcliff trains corporate groups from 5 to 75. Using fleets of vessels ranging from 30 to 50 feet in length Oakcliff's customized programs run from 2 hours to 2 days. The myriad of options ensure that your experience will deliver long lasting positive effects on your group.

"I learned about sailing; keeping a eye on the boat and our course as well as the competition. Much like business"

Push the Limits of Nature

It is not all polished varnish and cotton sails, sailing is intense. Participants are pushed to harness the forces of nature to propel their boats around the course and to the finish line.

Oakcliff's Match 40s are the perfect boat allowing participants to test their limits and operate the boat as a newly configured team. Coaches are near for safety purposes but you and your crew are running the ship and deciding the course your team will take.

Participants will actively work through calculated risk taking, problem solving, group decision making, communication and build to trust and success. Everyone ends up a winner.

"Dawn and the team were great and very flexible in accommodating our group to maximize the experience."

As Casual or Facilitated as Your Winds Dictate

Oakcliff has on-site coaches experienced in team building, corporate presentations and facilitation. We also believe that the sheer experience of forming a team and navigating around the bay can have lasting positive impact on each individual and on the organization as a whole.

You tell us – Casual or Formal? Happy accident or Facilitated? We'll customize each program for you.

"What a fun day with the team! A lot of laughs and a lot of joint learning. I think everyone got a great introduction to sailing. And we had fun doing it."
