

Transportation advisory to competitors

Please be advised that NY State traffic laws do not allow trailers or vehicles with commercial plates on roads marked as Parkways. This can be confusing to those from other areas and the roads look like regular interstate highways. You can and likely will get traffic infringement tickets if you travel with a trailer on a Parkway. This can be confusing as GPS map systems may send you on a Parkway.

We strongly suggest route planning ahead of time. Avoid NY State Parkways at all times while trailering.

Bill Simon
Race Program Director
